Dear Friends,

I can't find appropriate words to thank you for love ~~and~~ and smiles you give us.

I want to thank you for everything which you do - not only for me but for all children in the orphanage.

I want you to know that I love you a lot. For me you are my family, this family which I lost when I was a baby. I want to wish you from my heart health, happiness, love and luck!

I want to thank especially to you, Paul for the love and hugs which you give to me. Paul, for me you are someone really valuable. In the first moment when I saw you I feel extremely happy and loved.

I want to wish you health and love.

My friends you are everything for me

Love,

Greta
